

**Unique Dental Care, PLLC**

*"Let Us Brighten Your Smile"*

**DENTAL INSURANCE DOWNGRADES**

**Dear Patient:**

For your knowledge, our office provides a courtesy by verifying your dental insurance and getting a summarized breakdown of your dental benefits, however, we do not receive a complete breakdown of all your services that may be covered on your specific dental plan. A complete breakdown of your dental benefits should have been provided to you in a benefit booklet provided by your employer.

One important issue a patient runs into when accepting and receiving treatment are downgrades within their chosen dental plan that the insured or your employer has agreed to when accepting that dental plan. If there is a downgrade within your dental plan, you, the patient, will be responsible to pay the difference.

Please review your benefits booklet or contact your insurance provider to inquire about any downgrades your plan may have.

Please sign below and thank you for choosing us as your dental provider.
